---

Items that I'm looking to have made up at the moment are listed below, but I would love to work with someone who is open to additional projects in similar scales along the road.

1:3 scale candle sticks (3-4" tall)

1:6 scale (approx 3/8" diameter) ball finials and feet

1:6 scale lamp base (approx 1.25" diameter, 2" high, with 1/8-1/4" hollow bit in center to run electric wires)

I can provide drawings (2D) with detailed measurements. The pictures are for inspiration. I didn't want to get too carried away beforehand.

Thanks for looking!
