i need a 3D Model for a HTC EVO 3D phone case.

the phone case is based of this version:

<http://www.tridentcase.com/case/htc/htc-evo-3d/htc-evo-3d-pe rseus-case.html>

i want it to look like that one but also have the picture attached added to it too.

like the words to be on the sides of where the camera is and the logo below the camera.

i would love to have this modeled
