so I guess my auto complete wasn't set up correctly, and filled in Ontar as my province when it should be Ontario, it should still be fine, right? I mean Toronto, Ontar doesn't exist, I'm sure they would figure it out as Toronto, Ontario, or should I be concerned?

I don't think it's a problem with your typing, what has always happened to my orders is that my county "Dorset" gets chopped off to just "Dorse" and it still arrives.

I think as long as you've got the house number and Post/zip code it should be fine.

Tom.
