Hi,

I just uploaded my model triangle UFOs from my film Aliens: Zone-X (AGZ-X.com). I want to rename some of the models. Do I have to delete the model and re-upload, with a different name, or is there a way to rename the models once uploaded?

Great work everyone!

Thank you,

Thomas

Welcome Thomas, you should be able to rename you items by going to edit mode, and clicking on the name above the picture section. That should activate the text box for editing.
