I would like to introduce to you the sculpture â»You & Meâ« from the â»Scrappiesâ« figurine family. It represents love, affection and mutual commitment - emotions that everyone values and never lose their significance.

I had initially made the â»You & Meâ« sculpture as a unique gift for our 30th wedding anniversary, but when my wife placed the Scrappies on her office desk, her colleagues loved them so much that we thought why not share it and make it available to others.
