Hey,

I have one of models unable to print after it was paid, I got voucher in the price of this model.

Any1 knows If I can use it to the order that is being currently printed?

The rest of models were correct. If any1 can answer I will appreciate it.

Thanks,
Kacper Radziszewski

Hi Kacper,

And welcome to the forum.

No, unfortunately, you cannot use the voucher for the models that are currently printed.

The code that has been given to you is to be used during the ordering process: it cannot be used after.

But once you will receive your first prints, I am convince you would like to have more. and you will use your voucher for your next order!

Cheers,

Magic

Thank you for reply, looks like I have to repair my model and order it once more.

Cheers!
