I'm looking for a pewter gaming miniature in 30mm scale, (30mm = ~6 feet) on a inch diameter round base. (Something on the bottom to keep it from scratching table tops would be nice too.) I have a description of the character and a color sketch.

Please provide an e-mail address, a price quote, and a time frame for how long it would take to make. I'm not in a big rush, but I would like email updates. I can provide a copy of the sketch if you need to see the description and/or sketch before providing a quote. Thank you!!
